TECHNICAL SKILLS

Programming Languages & Technologies

C/ C++, Java, Python, HTML5, CSS 3, JavaScript, Node JS, SQL, Mongo DB

A good understanding of **Cloud Computation**

Technical Courses and Electives

DBMS, Computer Networks, DSA and OOPs concepts

EDUCATION

SILIGURI INSTITUTE OF TECHNOLOGY

Degree - B.Tech
Stream - Computer Science Engineering
Current CGPA - 9.58
2020 - Present

ST. XAVIER'S COLLEGE, RANCHI

Degree - Intermediate of science
Grade - 82%
2017 - 2019

ST. PAUL'S PUBLIC SCHOOL

Degree - Matriculation
Grade - 9.4 CGPA
2015 - 2017

PROJECTS

UBER DATA ANALYSIS

A group project on data science with ML in which we did the visualization and analysis of Uber's ridership growth in NYC in 2014 and 2018. Also Estimated the predicted fare using the extracted features from the dataset using two ML Models.

PORTFOLIO WEBSITE

Created a full stack portfolio website having a stunning UI and containing all my other projects. This website is made using HTML5, CSS3, JavaScript, Node.js and Express Js.

REGISTRATION AND SIGN-IN PAGE

Created a registration and sign-in web application using HTML, CSS, Node.js, and Express.js with MongoDB as the database to securely store user details.

TRAINING & CERTIFICATIONS

- Technical Training on **Cloud Computing**
- Technical Training on **Data Science** with ML using Python
- **AWS Solution Architecture** virtual experience program on Forage - May 2023
